Crunch and Sip

Recess

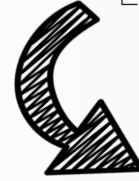

Lunch

Every day at RCPS we have a Crunch and Sip break. Make sure you pack something to 'crunch' (fruit or vegetables) and something to 'sip' (water)!

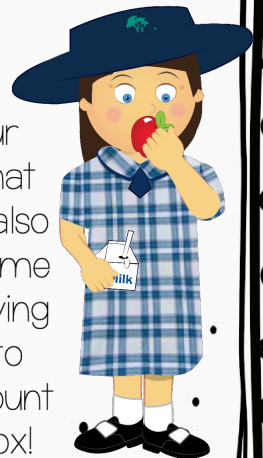

We like to call recess when we eat our 'snack' foods. These might be some little things to keep us going throughout the day!

At lunch we eat our 'big' meal, this might be a sandwich, a wrap, or a special treat like sushi!

Remember: when packing your lunchbox, try to pick foods that you can open by yourself! You also won't want to spend so much time eating that you miss out on playing with your new friends, so try to make sure there's the right amount of food for you in your lunchbox!

GETTING READY FOR ORIENTATION

DAISY'S FIRST DAY

Dear Kindy,
My name is Levi and I am in Year 1. My favourite things to do at school are maths and sport. I wonder what your favourite things will be? Maybe when you start school you can find me in the playground and tell me!

When I went to my kindergarten orientation I was feeling very nervous. Once I got into my classroom, all my nerves went away and I had so much fun learning new things and making new friends. I'm really excited to meet you next year and maybe I can show you how to play soccer. See you soon!
